## News from SEAA

### **The SEAA Connector® Magazine**

The most recent edition of the SEAA Connector Magazine is scheduled for mailing to members this month after a few delays put publication behind schedule.

### **Project of the Year Deadline Extended**

**The deadline for submitting 2012 Project of the Year nominations has been extended to January 31, 2013.**

It seems that the December 31 deadline in the midst of the holidays made it difficult for members to submit their nominations. The deadline will continue as January 31 for future years to give people more time to put together their submission packets for projects completed in the prior year.

### **New Board Member Elected**

Duke Perry was elected to fill an open seat on the SEAA Board of Directors for the 2012-14 term. He was approved during the January SEAA Board of Directors Meeting in Ft. Lauderdale, FL.

### **Ballots for SEAA Board of Directors**

Check the mail for your ballot to select members of the SEAA Board of Directors for 2013. The ballots were mailed in mid-January and **must be returned by Friday, February 22, 2013.**

### **Welcome to New Members**
