Don't Lose Your Benefits—Renew Today

You should have received an email reminder about renewing your company's SEAA membership for 2014. If you haven't already renewed, please take a few minutes today to drop a check in the mail or complete your renewal online. Payment may be made by check or credit card. Here's how to renew:

- **Renew online.** Click on the Members Only section and enter your User Name and Password. If you don't know your User Name and Password, call Kathy Epperson at 336-294-8880 or email her at admin@seaa.net. Kathy will be happy to walk you through the process.
- **Submit a paper membership renewal form.** Upon receipt of a paper invoice, fill out the appropriate information and mail it back to the SEAA office:
Steel Erectors Association of America
Piedmont Leaf Lofts
401 E. 4th St., #204
Winston-Salem, NC 27101

Stay Informed: Monthly e-newsletters, special reports, multiple educational events, updates on industry news, labor and regulatory trends, plus insurance and risk management tools.

Impact Decision Makers: Strategic partnerships with other professional groups, associations, and government agencies to leverage a greater knowledge base, members with broader resources, and influence legislation to benefit steel erectors, crane operators, and others in the construction industry.

Sharpen Skills: Workshops, symposiums, and webinars plus annual convention with the best speakers from around the industry to explore the latest practices, trends, equipment, research, and policy affecting the steel erection industry.

Improve Safety: Training and educational materials designed specifically for the steel erection industry, affordable solutions for in-house training courses, access to expertise from top safety experts in the industry.

Shape the Future: SEAA's work with NCCER to promote the steel erection industry to young people, provide training for ironworkers, and facilitate job placement to ensure a trained labor force for the future.

SEAA Board of Directors

SEAA's Board of Directors held its first meeting of 2014 on January 16th in Gainesville, FL. Among other topics the Board members discussed progress on the ironworkers' training course that is being developed in collaboration with NCCER.
