DECEMBER 1ST DEADLINE FOR GHP HAZMAT TRAINING

To help our members train their workers on the new hazmat label requirements and the SDS format required by OSHA, LPR Construction has generously agreed to provide their GHS training video to SEAA members free of charge. You can find the video on the SEAA website in the Members Only section.

The video will provide basic training for employees but you should have each employee sign a training log that you keep on file to demonstrate compliance. You can also order wallet cards with the GHS pictographs to give to employees. These cards are available from J.J. Keller & Associates for a nominal cost.
